Question 1

1 / 1 point

The following query would return which of the following outputs?

```
SELECT c.Customer_Name As Name, Main_Address As Address, Cell_Phone As  
Phone
```

```
FROM customers As c
```

```
WHERE city in ('Long Beach', 'Los Angeles', 'Miami', 'Orlando')
```

```
ORDER BY Name;
```

- ☐ The customer's name, address and phone number for all customers that have lived in Long Beach, Los Angeles, Miami, and Orlando, ordered by the primary
